PERSONAL DETAILS

Date of Birth: 01 May 1988
Gender: Male
Nationality: Malaysian

PROFILE

I had always been someone very highly passionate in software industry, even back in university time. Besides getting involve in various programming and web development competition, I had also used up my free time doing free-lance work. This early exposure to the working environment has proven worth of knowledge before I can get into the working environment.
Being one of the top listed in the challenging UKM AturComp 2010 competition, my excellent planning and team spirit has proven worthy and I held a few important positions in UKM like Vice President of Technology and Information Science Faculty's Student Council as well the Sports and Recreational Bureau's Chairperson of Rahim Kajai Residential College.

OBJECTIVE

Being a very simple person in personality with a very high desire to achieve something better than anyone have strived me to acquire various kind of knowledge including both on technical and business part. I have always wanted to be highly competitive and self driven trying to fix any faced problem
